Explanatory notes to the resolutions

Resolution 5: Authority to Allot Relevant Securities

The Companies Act 2006 (“the 2006 Act”) provides that the Directors of a public company may not allot shares or grant rights to subscribe for, or convert any security into, shares unless authorised to do so by the shareholders. The Directors were granted, at last year’s Annual General Meeting, a general authority (pursuant to section 551 of the 2006 Act) to allot shares up to a nominal amount of £2,420,265 at any time up to the earlier of 15 months from the date of the last Annual General Meeting in 2016 or the conclusion of this year’s Annual General Meeting. Resolution 5 seeks to renew this authority.

As at the date of this circular, the Company’s issued share capital consists of 29,086,075 Ordinary Shares of 25 pence each. Under paragraph (a) of Resolution 5, the Directors will be authorised to allot new shares or grant rights to subscribe for or convert securities into Ordinary Shares up to an aggregate nominal amount of £2,418,803 representing approximately one third of the total issued share capital of the Company at the date of this circular, excluding 60,431 shares held in treasury.

Paragraph (b) of this Resolution is in line with guidance issued by the Investment Association. It gives the Directors authority to allot new shares or grant rights to subscribe for or convert securities into Ordinary Shares in connection with a rights issue, to existing shareholders in proportion (as nearly as may be practicable) to their existing holdings, up to an aggregate nominal amount equal to £4,837,606, as reduced by the nominal amount of any shares issued under paragraph (a) of this Resolution. This amount (before any reduction) represents approximately two thirds of the total issued share capital of the Company at the date of this circular, excluding 60,431 shares held in treasury.

The authorities sought under paragraphs (a) and (b) of this Resolution shall expire (unless previously renewed or revoked by the Company in general meeting) at the earlier of 15 months from the date of this year’s Annual General Meeting or the conclusion of the next Annual General Meeting in 2018 of the Company. The Directors will seek to renew these authorities at each Annual General Meeting, in accordance with current best practice.

The Directors expect to issue ordinary shares in the Company, in line with the Share Purchase Agreement of 23 November 2016, to the vendors of ANNOVA Systems GmbH, pursuant to contractual earn out terms already agreed for the acquisition of ANNOVA Systems GmbH. Save as aforesaid, the Directors have no present intention of exercising this authority other than, as required, under paragraph (a), in connection with exploiting acquisition opportunities or for the implementation of any of the Company’s share option schemes.

Resolution 6: Authority to Disapply Pre-emption Rights

Section 561 of the 2006 Act prohibits the allotment (which, for these purposes, includes the sale of treasury shares) for cash of equity securities (other than in connection with an employee share scheme) unless they have first been offered to holders of existing equity securities pro-rata to their existing holdings. Sections 570 and 573 of the 2006 Act permit the Directors in certain circumstances, and if so authorised by the Company’s Articles of Association or by special resolution, to exclude or modify the pre-emption rights conferred by Section 561.

Resolution 6 seeks to extend for a further year the disapplication of pre-emption rights as approved at the last Annual General Meeting (pursuant to sections 570 and 573 of the 2006 Act) until the conclusion of the Annual General Meeting to be held in 2018 in respect of any shares allotted pursuant to:

- (a) a rights issue, open offer or other pre-emptive offer; and
- (b) other than as set out above, for cash up to an aggregate nominal amount equal to 5 per cent of the issued share capital of the Company.

The maximum aggregate nominal value of shares which could be issued under (b) of this disapplication would be £362,820 in respect of 1,451,282 Ordinary Shares, representing approximately 5 per cent of the issued ordinary share capital of the Company (excluding treasury shares of 60,431) as at the date of this circular.

The Directors expect to issue ordinary shares in the Company on a non pre-emptive basis, in line with the Share Purchase Agreement of 23 November 2016, to the vendors of ANNOVA Systems GmbH, pursuant to contractual earn out terms already agreed for the acquisition of ANNOVA Systems GmbH. Save as aforesaid, the Directors have no present intention of exercising this power, but believe that this resolution will assist them in taking advantage of any business opportunities that might arise. The Directors also confirm their intention that (except in relation to the additional 5% referred to below) in accordance with the Statement of Principles on Disapplying Pre-emption rights, no more than 7.5% of the issued ordinary share capital will be issued for cash on a non pre-emptive basis during any rolling three year period without prior shareholder consultation.

Resolution 7: Further authority to Disapply Pre-emption Rights

The Pre-emption Group’s revised principles enable companies to seek authority to issue an additional 5% of issued share capital in any year, for use in connection with an acquisition or ‘specified capital investment’, on a non pre-emptive basis. This authority should now be sought as a separate resolution. Therefore Resolution 7 seeks to extend for a further year an additional disapplication of pre-emption rights equal to 5 per cent of the issued share capital of the Company, for these purposes. Such an additional disapplication of pre-emption rights was approved at the last Annual General Meeting in 2016 (pursuant to sections 570 and 573 of the 2006 Act), albeit not as a separate resolution.

This authority will expire at the conclusion of the Annual General Meeting to be held in 2018, in respect of any shares allotted for cash up to an additional aggregate nominal amount equal to 5 per cent of the issued share capital of the Company. This resolution will be used only for the purposes of financing (or refinancing, if the authority is to be used within six months after the original transaction) a transaction which the Board of the Company determines to be an acquisition or other capital investment of a kind contemplated by the Statement of Principles on Disapplying Pre-Emption Rights most recently published by the Pre-Emption Group prior to the date of this notice.

The maximum aggregate nominal value of shares which could be issued under Resolution 7 would be £362,820 in respect of 1,451,282 Ordinary Shares, representing approximately 5 per cent of the issued ordinary share capital of the Company (excluding treasury shares of 60,431) as at the date of this circular.

As above, the Directors expect to issue ordinary shares in the Company to the vendors, pursuant to contractual earn out terms previously agreed for the acquisition of ANNOVA Systems GmbH, on 23 November 2016. Save as aforesaid, the Directors have no present intention of exercising this power, but believe that this resolution will assist them in taking advantage of any business opportunities that might arise.

Resolution 8: Authority for the Payment of a Scrip Dividend

Article 145 of the Company's Articles of Association permits the Board, with the prior authority of an ordinary resolution of the Company and subject to such terms and conditions as the Board may determine, to offer to any holders of Ordinary Shares the right to elect to receive fully paid Ordinary Shares instead of the whole or part of any dividend to which they are entitled.

At the last Annual General Meeting the Directors were given a general authority to offer the holders of Ordinary Shares the right to receive a Scrip Dividend alternative. Such authority enables the Directors to offer shareholders a Scrip Dividend alternative in respect of interim and final dividends in respect of the financial year ended on 31 December 2016. The authority expires at the conclusion of the Annual General Meeting to be held this year and a similar authority is sought in respect of dividends relating to the current financial year ending 31 December 2017.

Resolution 9: Authority to Purchase Own Shares

The authority for the Company to purchase its own shares can, if the prevailing market conditions are suitable, be a useful mechanism to enhance earnings per share for those members who retain their Ordinary Shares. Under the 2006 Act, a company is permitted to purchase its shares if it has the authority of its members to do so. At the last Annual General Meeting, the Directors were given a general authority to purchase up to 2,875,275 Ordinary Shares of 25 pence each. Resolution 9 seeks to renew this authority to purchase up to 2,873,538 Ordinary Shares representing approximately 9.9% of the Company's existing issued share capital (excluding treasury shares).

The Directors intend that purchases of Ordinary Shares should only be made to the extent that there are cash reserves that are not otherwise required for the purpose of the business and if they are satisfied that such purchases would be in the best interests of the shareholders and would result in an increase in future earnings per share after taking account of other investment opportunities, the level of borrowing and the Company's overall financial position. Any Ordinary Shares purchased by the Company would be cancelled or held in treasury. The treasury share regulations allow for treasury shares to be sold for cash, transferred for the purposes of an employee share scheme or cancelled. It is likely that any Ordinary Shares purchased under the authority given by this resolution will be held as treasury shares although the Board will continue to review this position. No voting rights would be exercised, or dividends paid, in respect of any treasury shares.

The maximum price to be paid on any exercise of the authority would not exceed 10 per cent above the average of the middle-market quotations for the Company's Ordinary Shares for the 5 business days immediately preceding the date of purchase. The minimum price would never be less than the lower of 10 per cent below the average of the middle-market quotations for the Company's Ordinary Shares for the 5 business days immediately preceding the date of purchase and 25 pence, being the nominal value of an Ordinary Share.

Any purchase of the Company's own shares would take place within the limits of available distributable reserves of the Company which as at 31 December 2016 stood at £10,068,000 or may, if appropriate, and subject to the limitations imposed by the 2006 Act, be financed by the proceeds of a fresh issue of shares. The current authority for the Company to purchase its shares will expire at this year's Annual General Meeting. The Directors are seeking a renewal of this authority until the earlier of 15 months from the date of the this year's Annual General Meeting or the conclusion of the Annual General Meeting to be held in 2018.

As at 31 March 2017, there are outstanding options over a total of 1,833,313 ordinary Shares, representing 6.3 per cent of its issued equity share capital (excluding treasury shares) and which would represent 7.0 per cent of the issued share capital (excluding treasury shares) if the maximum amount of this authority to purchase own shares was utilised and the shares so purchased were cancelled.

As at 31 March 2017 (being the latest practicable date prior to the publication of this document), the Company holds 60,431 Ordinary shares in treasury and has 29,025,644 Ordinary shares in issue (excluding treasury shares).

Explanatory notes to the resolutions (continued)
